

**Penn East**  
Federal Credit Union

# Discover **Touch ID** & **Face ID** on our Mobile App

**Did you know that you  
can sign on to our Mobile  
App using Touch ID & Face ID?**

You can now use your fingerprint or face scan instead of typing in your password on compatible devices. To see if your device is compatible, sign into our Mobile App and select "Profile."

If you do not have a compatible device, you can set up a 4 digit PIN for your convenience in lieu of your password to use only on your mobile device.
